DETAILED ACTIVITIES REPORT

AWARENESS ON WOMEN ATROCITY:

Violence against women is one of the crucial social mechanisms by which women are forced into a subordinate position compared with men. Violence against women and girls is a problem of pandemic proportions. At least one out of every three women around the world has been beaten, coerced into sex, or otherwise abused in her lifetime with the abuser usually someone known to her. Violence against women can fit into several broad categories such as: rape, domestic violence; sexual harassment, honor killings, dowry violence, female genital mutilation, marriage by abduction, forced marriage sexual violence and sexual slavery.

In order to prevent this sensitive issue our organization **"AAKASH"** has been organizing awareness generation program in different places of our operational area regularly. In this program we have invited Local eminent pleaders, educationists, social activists to aware and sensitize our SHG members who are in future can be able to protest this social issue for betterment of the society.

Still today modern industries have not been able to offer even partly employment in rural areas.

Realizing the above situation, **"AAKASH"** has introduced various self-employment programs such as 1. Tailoring/ Embroidery for women, 2. Mobile repairing, 3. Type writing, 4. T.V. & Audio system repairing 5. Computer training.

Until and unless we take a defensive step to project the forest, then the day is not far away when we all will be under the clutch of death.
